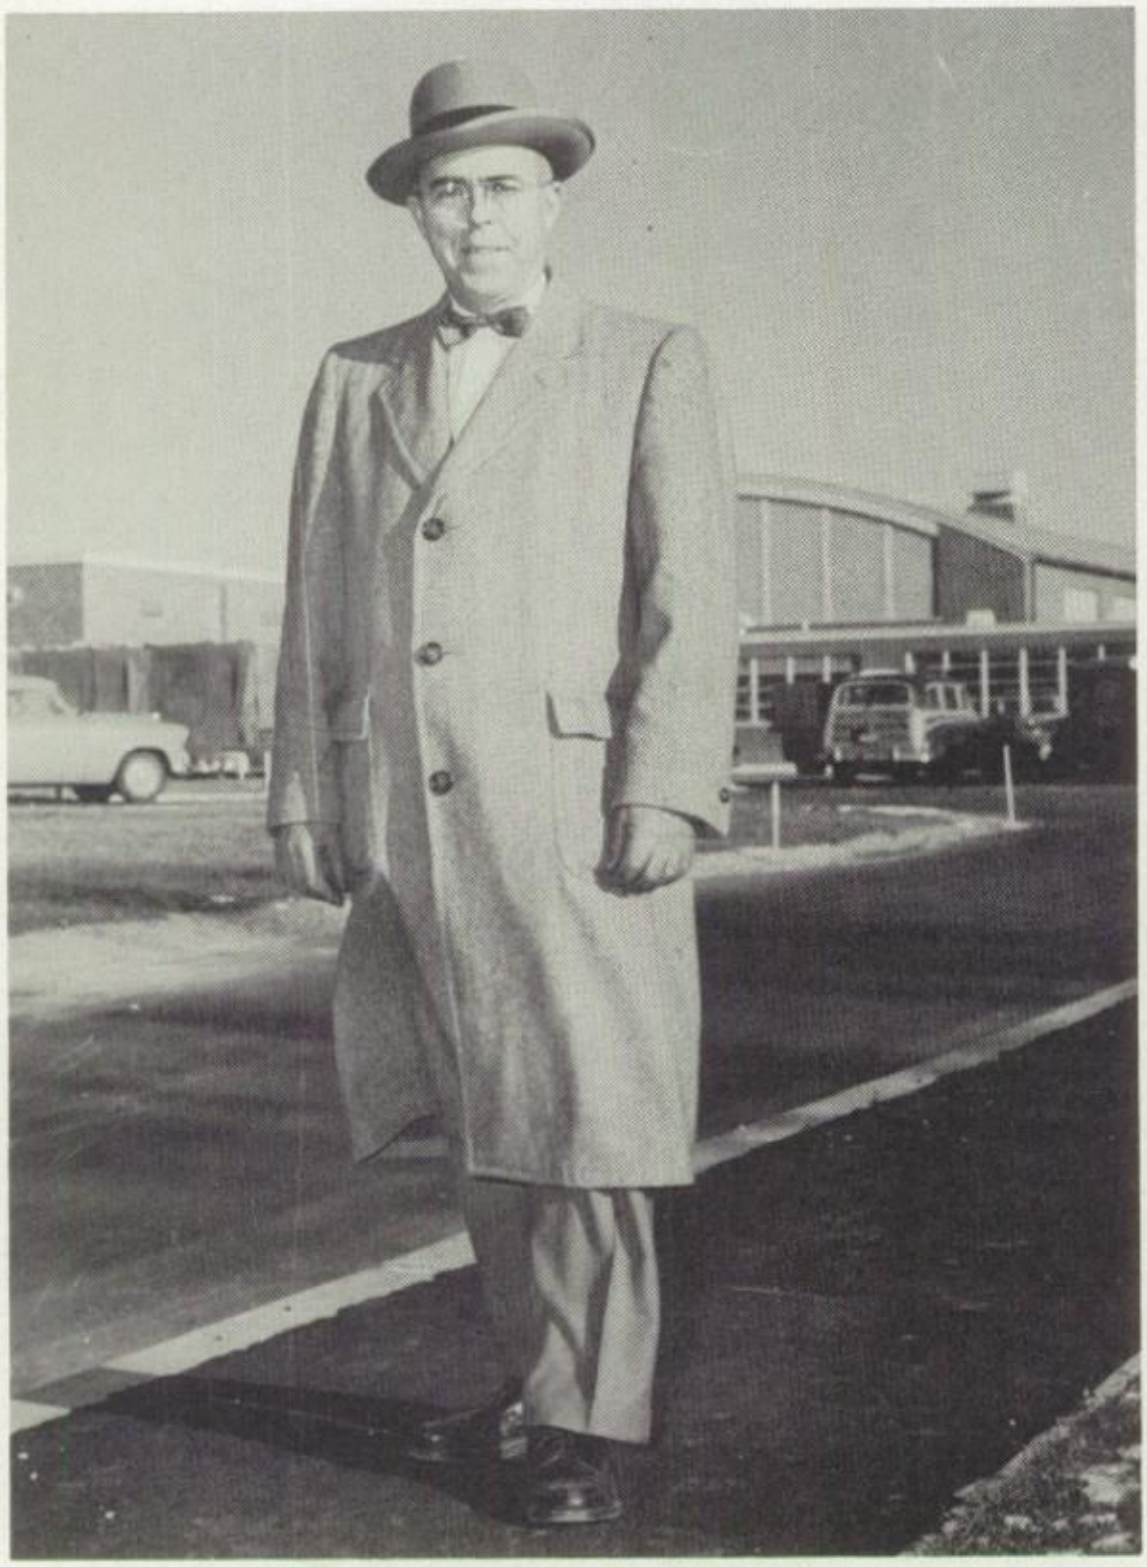
Miss Kathryn Megley

Dedication

To you, Miss Kathryn Megley, the class of 1956 fondly dedicates this volume of the Echo. Our wagon has been hitched to a most remarkable star, and to show our true, heartfelt appreciation for the help and cooperation you have given us, would be impossible. You began your teaching career here in 1924, and in the thirty-two years since your inauguration, you have played a vital part in the history of Sumner High.

Your sphere of influence has been and will continue to be great. Blessed with a wonderful sense of humor, which serves as background to your patience and understanding, you have guided us through these four memorable high school years. May the future find us all attempting to live up to those high standards you set for us.

faculty and administration



For over six years Mr. Gilgan has been serving the towns of Holbrook and Avon in his capacity as superintendent of schools. Since January of this year, however, due to the rapid growth in our schools, we have been privileged to have him administering to the Holbrook system alone. As supervisor and administrator of all the schools in Holbrook, he is kept constantly on the run by his many and varied duties, which include everything from the planning for our new school to the scheduling of polio shots.

High Carroll Gilgan is a man of vision. His intense devotion to the growth and education of Holbrook's youth and his untiring efforts on our behalf merit him the praise and admiration of our community.

GARLAND L. NEAL—The guiding light of Sumner High. He's a hard man to convince in an argument and we'll never forget those fiery debates in Problems. His deep interest in the pleasures and problems of Sumner makes him an able administrator and helpful friend. His patience and quiet understanding are qualities we all admire.

FRANCIS S. RODDY—"Aren't there any scientists in this generation?" That's our own Mr. Roddy bemoaning the fact that no one seems to understand the finer things in life. Although his subjects of science, physics, chemistry, and biology confuse us, we love him for his patience, understanding, and cooperation.

PETER A. BIZINKAUSKAS—His English classes are highlighted with that same enthusiasm and humor which sparked the production of our yearbook. He gave a great deal of time and sage advice to our staff, and we sincerely thank him for the blood, sweat, toil, and tears that helped to make our yearbook a success.

Clarence E. Allen

CLARENCE E. ALLEN—With his many and varied interests he serves as athletic director and assistant principal as well as teacher of U.S. history and arithmetic. His wry humor keeps his classes constantly on the alert. A man of distinction, golf is his hobby.

JOAN BARONE—Teaches physical education and intermediate science; coaches girls' basketball. A great lover of all sports and camping, she is a friend to her students and a lot of fun. The senior girls thank you for the wonderful time they had on the ski trip.

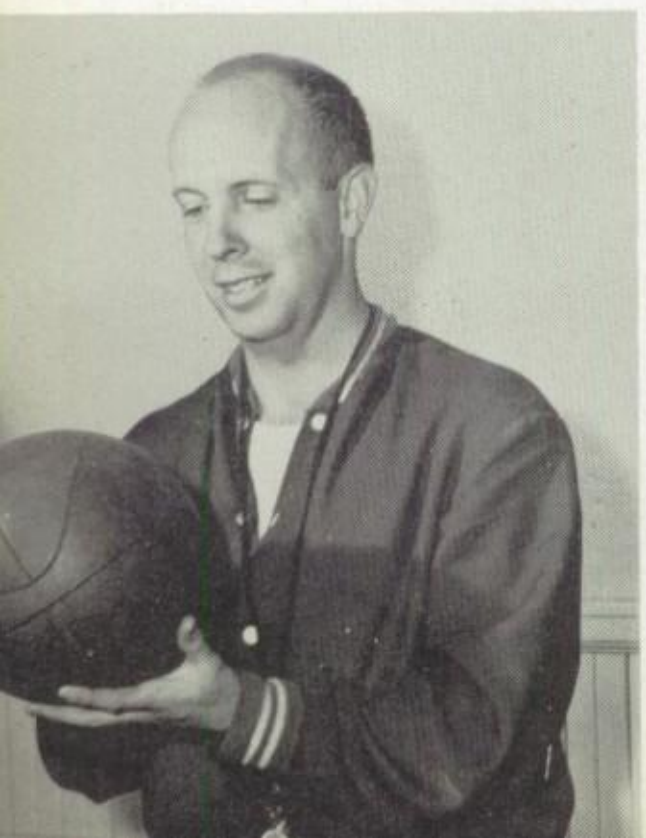
RICHARD BLYTHE—"Hey, come on you guys!" That's our coach sparking Sumner's boys to greater victory. With Mr. Blythe came the introduction of a star track team and the strengthening of the baseball nine. Aside from his physical education classes he teaches advanced biology.

ANNA M. DAMON—Queen of typing and bookkeeping, Miss Damon has the distinction of having served with our faculty the longest. With marvelous patience she conducts her classes. Nature is her special hobby and she loves birds and flowers.

UBALDO P. DiBENEDETTO—An exchange teacher from Italy, he instructs Sumner's students in world history, commercial geography, Spanish, and Latin. He has an avid interest in almost everything. Photography is his main hobby, and he makes good use of it as adviser to Camera Club.

Joan Barone

Richard Blythe



Anna M. Damon

Ubaldo P. DiBenedetto

ELNA M. KNUTSON—Deals in everything from XY to isosceles triangles as she teaches math, algebra, and geometry. Teen-agers and their problems are her special interest, and what would happen to the schedules and office files without her? We treasure those tales of her trip abroad.

WM. SHAW McCALLUM—Guidance Counselor and students' pal. His is the shoulder we cry on. To him we go with our many problems, and no matter what they are, he straightens us out with good advice and numerous pamphlets on the subject. Thanks for the wise guidance counselorship.

KATHRYN MEGLEY—An inspiring teacher of English, her per peeves are open wardrobe doors and gum chewers. She has been a wonderful class adviser through our high school years. We'll never forget Macbeth or Miss Megley.

JEANNE E. NORRIS—Director of Sumner's band. Here is the inspiration that turns a medley of squeaks and squawks into a melody. The furthering of her education, as well as swimming, sailing, and camping are her hobbies. A lover of good fun as well as good music, she has shared many enjoyable times with our band.

HARDIE W. PIERCE—Teacher of commercial science, civics, and consumer education; he also coaches football and freshmen basketball. Under his encouragement, inspiration, and just plain hard work, Sumner produced a new football team after eighteen years. We love that "down Maine twang" and the interest he has in each and every one of us.

faculty

Velna A. Roberts.

VELNA A. ROBERTS—Young and attractive teacher of typing, shorthand, and law, she rules her classes with a soft voice and iron hand. We will never forget those interesting and practical discussions in law. To her we own a great deal of thanks for the assistance she gave to the Bulldog Bulletin staff.

IRENE TROMBLEY—Teacher of home economics and a graduate of Simmons College, Mrs. Trombley came to Sumner this year. Hers is the responsibility of the lunchroom, as well as seeing that Sumner's girls become well versed in the art of sewing fine seams and baking cherry pies.

Irene Trombley

Marie A. Vertulio

Helen M. Wood

MARIE A. VERTULLO—The idol and inspiration of Sumner's budding artists. Teacher of advanced and freehand drawing, she is a believer in self expression through art, and the startling work of her students provides many interesting conversation pieces. Photography is her hobby.

HELEN M. WOOD—Latin and French teacher. Having traveled extensively abroad, she can thrill her classes with glowing tales of other lands. Through her eyes have we seen this world; through her lips we have learned to speak its language. She has been a willing friend and great inspiration to all her classes.

school help

WILLIAM STODDARD—Mr. Stoddard has been a kind and willing friend at Sumner, and it is our regret that he won't accompany us to the new building—Popular with all the students, he served as Sumner's custodian and traffic officer as well as truant officer.

ELSIE STEVENS—Our own Florence Nightingale—She is constantly on the run from school to school with Band-Aids and aspirin—Our health is her concern, and in her comforting and soothing manner she quickly turns our tears to sunshine.

Whether a student wishes to follow a college or commercial course at Holbrook High, he finds a cooperative faculty which is interested in the development of each and every student. In four years of study he is prepared with all the courses he will find useful on entering the business world or a college or university. With the movement to the new high school, Holbrook was able to improve on its curriculum by the addition of a shop program for the boys and a more advanced course in the domestic arts. Three individual laboratories and a well equipped art room make the study of art and science more interesting and complete, while the well stocked library is also a valuable addition to our curriculum.

Studying, tests, recitations, and homework. We learned a lot, and wasn't it fun!

The staff at work.

The Echo, Holbrook High's yearbook, has climbed new heights this year. Last year our yearbook won an honorable mention award in competition with hundreds of yearbooks throughout New England, and we expect to make an even better showing at the N.E.S.P.A. Convention of 1956.

In order to keep up with the academic and activity growth in the new school, the Echo is a much larger book with more complete coverage of academics, sports, clubs, and achievements. We sincerely hope we have presented to the senior class an accurate and complete record of their four years at Holbrook and Sumner High Schools, and that this book will forever serve as an open door to pleasant memories.

The entire staff extends to Mr. Bizinkauskas their most sincere thanks. He gave a great deal of his time and effort tc making this publication a success.

Don, Ethel, and Ron help produce the magazine.

The Bulldog Bulletin was written, illustrated, and produced entirely by the students under the direction of Mr. Bizinkauskas and Mrs. Roberts, advisers. Holbrook High's magazine was formerly entitled the Snoops and Scoops, but was renamed the Bulletin two years ago following a change in the staff and policy of the magazine. Last year, in competition with many other school magazines throughout New England, our publication received an honorable mention at the New England Scholastic Press Convention, to which we sent three delegates. The addition of an activity room in the new high school greatly benefited the work of the Bulletin.

The Student Council plays an important part in the life of Holbrook High School. Representatives are elected by each class to represent it, and Mr. McCallum is adviser to the group. The Student Council works on projects which will improve the school in some way. Recent aquisition of a trampoline and a movie camera are representative of these projects. Currently, a portable high fidelity set is the goal. In earning money for these projects, however, the Student Council does even more for the students. The program of dances, assemblies, and sports events sponsored by this group is an impressive one. The Student Council's duties also include representing the school at various functions and acting as a representative of the student body when decisions are to be made concerning it. In all this work, the Student Council finds enjoyment and satisfaction at having helped their school.

Holbrook High's football team was in its second year of existence this fall, but under the capable coaching of Mr. Hardie Pierce and Mr. Richard Blythe the team provided us with some thrilling games. Co-captains Ron Friese and Don Tantillo were active in every game, and the team fought hard through all weather. At the end of the season Holbrook High was honored to have Don Tantillo chosen for the South Shore All-Scholastic Team.

Donald Chase performs a successful clown act.

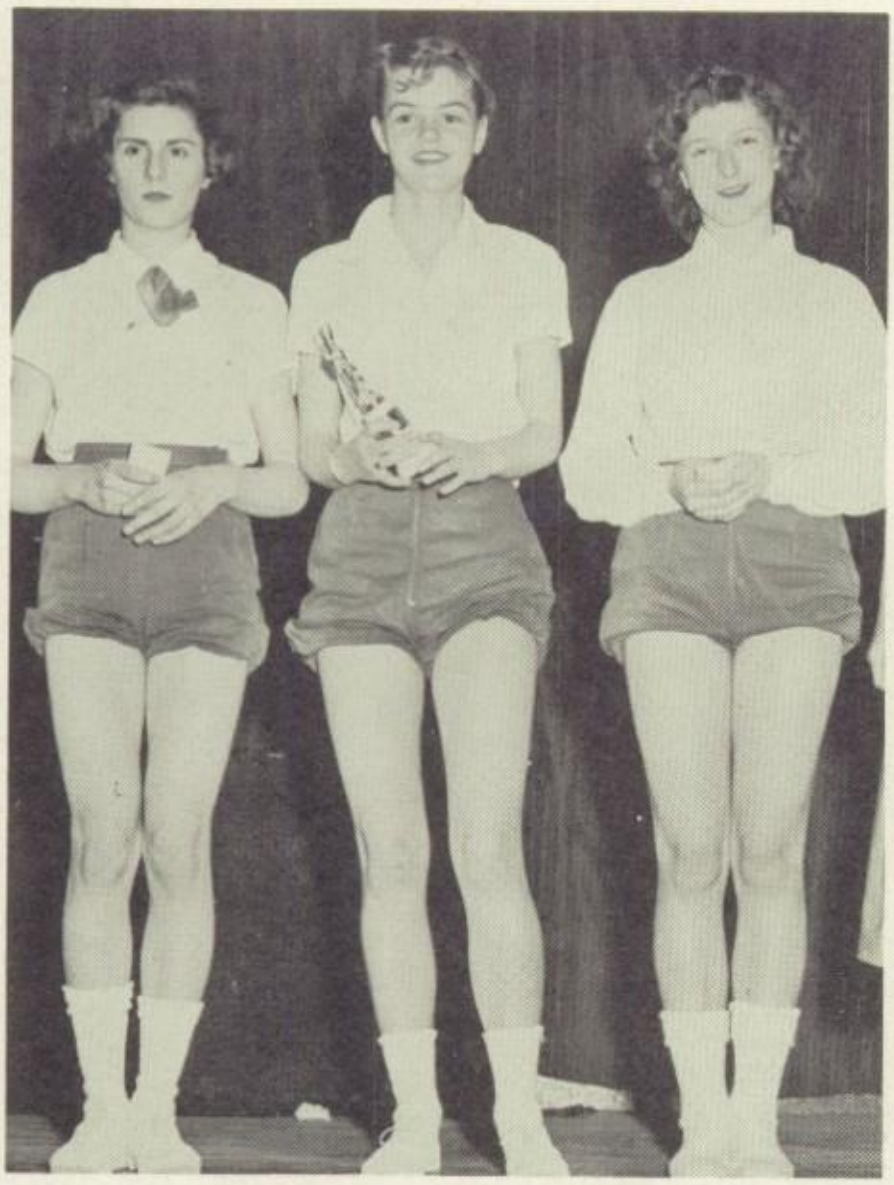
Winners in the boys' contest were Joseph Tenore, who was awarded a trophy, John Uronis and Donald Chase, pictured above with Supt. Gilgan and Mr. Blythe, athletic coach.

Under the direction of Mr. Blythe, the boys presented some brilliant and stirring tableaus in silver.

On April 7, 1955, the boys and girls of the gym squads and physical education classes invited the public to a demonstration of their physical skill. The boys' classes performed rhythm drills and calisthenics, while the girls exhibited their grace and co-ordination with modern and folk dancing routines.

Following the demonstration by the classes was a performance by the boys' and girls' gym squads in which they competed for awards. The squad participated in tumbling drills and spring board work, and many of the boys proved their skill and muscle co-ordination with demonstrations on the rings and high bars.

girls' gym



The girls' gym squad also participated in the exhibition on April 7. In the girls' contests the sophomores ran away with the honors. Sonia Olson received a trophy and Patricia Cram and Sandra Giovenello were awarded second and third prizes respectively. The girls' gym squad was under the direction of Miss Phyllis A. Mitchell.
